A partner you can rely on

Foresters Financial is an international financial services provider with more than three million clients and members in the United States, the United Kingdom and Canada.

Foresters was founded in 1874 as a Fraternal Benefit Society – a member based life insurance provider for everyday families. Our purpose – enriching lives and building strong communities – helps us continually redefine what a financial services provider can do for your business.

As well, Foresters Risk-Based Capital (RBC) ratio exceeds the National Association of Insurance Commissioners’ (NAIC) guidelines.

In 2019, Foresters paid \$663 million¹ in insurance claims and benefits.
