Why Cigna Healthcare Medicare Advantage

Value Based Enrollment (VBE) Program

The Value Based Enrollment Program (VBE) is a Cigna Healthcare quality initiative that improves our ability to service our customers and keep agents in compliance with application timeliness. We do this by leveraging the point of enrollment to capture important customer information in a **digitally** submitted application.

External brokers can earn up to **\$50 per approved digital application** for new Cigna Healthcare Medicare Advantage (MA) customers. Here's how:

- » Earn \$30 for including a valid in-network PCP on the digital application.
- » Earn \$20 for including a valid customer email address on the digital application.

Capturing a customer's valid PCP and email address at the time of enrollment gives Cigna Healthcare important information to provide better care for our customers.

Better care results in higher customer satisfaction and retention rates, as well as higher net promoter scores (NPS). This means you can spend more time selling and growing your business and less time addressing customer concerns.

Additional information:

- » The VBE Program is available year-round to qualified agents.
- » Must qualify as "Ready to Sell" to complete the enrollment application with the customer.

For more information on our VBE program, please review our [VBE Program Broker FAQ](#).

* The VBE program may be discontinued and payment amounts may change at any time.

Why Cigna Healthcare Medicare Advantage

Health Risk Assessment (HRA)

Our health risk assessment (HRA) is part of our Value Based Enrollment initiative. Facilitating an HRA for your customers allows you to engage with your customers and connect them with their new Cigna Healthcare Medicare Advantage plan.

By facilitating an HRA for your customers, you can also earn extra money in your pocket! Here's how:

- » Earn \$75 when you facilitate an HRA for your non-SNP customers.
- » Earn \$125 when you facilitate an HRA for your eligible D-SNP and C-SNP customers.

The following plans are eligible for the \$125 HRA payment:

- » All Dual Eligible Special Needs Plans (D-SNP).
- » All Chronic Condition Special Needs Plans (C-SNP).

* The value based enrollment HRA program may be discontinued and payment amounts may change at any time.

Keep in mind that in order to be authorized to facilitate the Value Based Enrollment HRA, you must be the Agent of Record (AOR) who wrote the policy, and you must complete VBE HRA training via Producers' University, and qualify as "Ready to Sell" to complete the enrollment application with the customer.

If you have any questions, please reach out to your local Broker Manager team.

Cigna Healthcare Medicare for Veterans

Expanded for 2025, Cigna Healthcare offers a choice of Medicare Advantage plan options for Veterans. This includes plans with and without prescription drug coverage. Our Courage plans often compliment a Veteran's earned healthcare. Courage plans do not have prescription drug benefits and fit well with TRICARE or the VA health coverages. There are also times when an MAPD plan can fill coverage gaps for veterans with those benefits. In fact, if a veteran is part of the 65% without TRICARE or access to VA benefits, then one of our MAPD plans can provide coverage to meet their needs. Whether it is a Courage (MA-only), MAPD, D-SNP, or LIS plan, we have an option to fit most veterans' needs.

Courage Plan

Cigna Healthcare's Courage plans are MA-only plans focused on the healthcare needs of our Veteran Medicare beneficiaries. While tailored to a Veteran, a customer does not have to be a veteran to enroll in one of these plans.

In 2025, we will offer Courage plans in a total of **23 states; adding 3 new states: Oklahoma, Oregon, and Utah**. There are HMO or PPO options, depending on the market.

As with all Cigna Healthcare's Medicare Advantage plans, the Cigna Healthcare's Courage plan has strong core medical benefits. Additionally, to meet the special needs of the Veterans population, we enhanced certain benefits and added the supplemental benefits that Veterans want such as:

- » \$0 mental health, and telehealth visits
- » Comprehensive dental benefits
- » Hearing and vision benefits
- » Over-the-counter (OTC) benefits*
- » Transportation benefits*
- » Many more benefits including Fitness, Pet Care Allowance, Part B Giveback, Home Delivered Meals, and Caregiver Support*

*Benefits vary by plan and state.
